

CALDWELL BIG EVENT

- ❖ Caldwell's second annual Big Event will be held Friday, April 21, 2017.
- ❖ The Big Event started in 1982 at Texas A&M University as a student-run community service project. During the event, a group of students at A&M gathered together to perform community service projects around the city as a way to say "thank you" to the community for their support of the university and its students.
- ❖ Approximately 400 junior high students and their accompanying staff sponsors will be bused into the community to various locations including local parks and trails, neighborhood community centers, churches and other designated locations. At those job sites students will be performing safe, student-friendly services such as; picking up trash, cleaning benches and playscapes, sweeping, shoveling, spreading mulch, etc. Any student not involved will experience a normal school day.
- ❖ This event is a great way to enhance the partnership we share between our schools, families, and our community. We have many intelligent, inspiring, hardworking students in Caldwell ISD and what better way to showcase their excellence then to create an opportunity for them to give back to the community in which they call home.
